

Jenisha Patel

26 Hector Crt., Brampton, ON L6S 1P1 | (437) - 424 - 4413

Email: jeni.1245690@gmail.com | LinkedIn: www.linkedin.com/in/jenisha-patel18 | Github: <https://github.com/Totallyn0tJeni>

OBJECTIVE

Motivated and highly involved first-year Computer Science Co-op student at McMaster University with extensive leadership experience in marketing, communications, STEM outreach, and event management. Proven ability to lead teams, develop impactful marketing campaigns, create engaging digital content, and organize large-scale community initiatives. Passionate about technology, innovation, and community engagement, with strong problem-solving, communication, and organizational skills. Seeking opportunities to apply technical, creative, and leadership abilities while contributing to organizational success and continuing professional growth.

SKILLS

- Computer, Research & Visual Design Skills
- Proficient in Google & Microsoft Tools
- Programming Languages
- Problem Solver, Logical & Practical Thinker
- Excellent Interpersonal Skills
- Public Speaking Skills
- Excellent Time Management
- Creative & Innovative

WORK EXPERIENCE

Zebra Robotics - Marketing & Communications Specialist

- Program Volunteer (June - September 2023, 2024)
- May 2026 - PRESENT | Zebra Robotics Brampton East, 20 Maritime Blvd, Brampton ON
- Develop and execute marketing and communications initiatives to promote STEM, robotics, coding, and educational programs to students and families within the local community. Create engaging digital content, including social media posts, promotional graphics, photography, and videos, to increase brand awareness and community engagement across multiple platforms. Capture and edit high-quality photos and videos during classes, camps, and special events for use in promotional materials, newsletters, and social media campaigns.
 - Assist in developing marketing materials such as posters, presentations, email campaigns, and informational content to support student recruitment and retention initiatives. Analyze social media engagement and audience feedback to help refine marketing strategies and improve outreach effectiveness.
 - Represent Zebra Robotics at community outreach events and STEM initiatives, promoting the organization's mission of inspiring the next generation of innovators and problem-solvers. Support the planning, promotion, and coordination of workshops, camps, competitions, and outreach events, helping showcase opportunities in robotics and STEM education.
 - Collaborate with instructors, staff, and leadership teams to communicate program updates, student achievements, and success stories effectively to parents and the broader community. Engage with students, parents, and community members, providing information about programs and fostering a welcoming, inclusive, and positive learning environment.
 - Volunteered during summer camps (2023 and 2024), mentoring younger students, assisting instructors with classroom activities, and supporting hands-on robotics and coding projects.

LEADERSHIP EXPERIENCE

Brampton FBLC, JEC & TA - Member of the Board of Directors

- Founders Den 2026 - Vice Chairwoman (Operations)
 - Canadian Youth Changemakers Summit Representative
 - Chief Director & Board of Administrators
 - Deputy Director of the Marketing Department
 - Marketing Officer
- November 2024 - June 2026 | Brampton, ON
- Served on the Board of Directors, providing strategic leadership, governance, and oversight to support the organization's mission and long-term objectives.
 - As Vice Chairwoman (Operations) for Founders Den 2026, directed operational planning, coordinated

executive committees, and ensured the successful execution of entrepreneurship programs, networking events, workshops, and organizational initiatives. Led cross-functional teams as Chief Director, supervising department leaders, overseeing project timelines, and implementing operational improvements to enhance organizational efficiency. Supported board administration by contributing to policy development, preparing meeting agendas, documenting decisions, and monitoring progress on strategic action items.

- As Deputy Director of Marketing and Marketing Officer, planned and executed integrated marketing campaigns across digital and in-person platforms, created promotional content and branding materials, managed social media engagement, and promoted events to increase community participation and organizational visibility.
- Collaborated with executive leadership, volunteers, sponsors, community partners, and educational institutions to strengthen stakeholder relationships, coordinate outreach initiatives, and secure support for organizational programs. Assisted with volunteer recruitment, leadership development, event logistics, resource planning, and performance evaluation by analyzing engagement metrics and recommending improvements.
- Demonstrated strong leadership, strategic planning, project management, communication, teamwork, and organizational skills while contributing to the growth and success of a student-led nonprofit organization.

Chinguacousy SciTech Activity Committee (STAC) - *Director of Marketing & Public Relations (PR)*

- Wolfhacks 2025 & 2026 Organizer
- Chinguacousy SciTech Open House Organizer 2024 - 2026
- STEAMWorks 2025 Organizer
- Marketing Officer
- STEAMWorks 2024 - Arts Event Organizer
- Research & Development Officer

September 2024 - June 2026 | Chinguacousy Secondary School, 1370 Williams Pkwy E, Brampton ON

- Led the development and execution of comprehensive marketing and public relations strategies to increase awareness, participation, and engagement in STEM, technology, and school-wide initiatives. Designed and produced promotional materials, including posters, social media campaigns, digital graphics, presentations, and school announcements, while maintaining consistent branding across all events and communications. Coordinated with students, teachers, school administrators, volunteers, mentors, sponsors, and external partners to ensure effective communication and seamless event planning.
- Played a key role in organizing WolfHacks 2025 by managing event logistics, participant registration, scheduling, volunteer coordination, workshop planning, mentor and judge outreach, and day-of-event operations to deliver a successful hackathon experience for participants.
- As the Director of Marketing & Public Relations and an Organizer for WolfHacks 2026, I led the branding, marketing, outreach, and digital operations for one of the school's largest student-led hackathons. I designed and produced the event's complete visual identity, including promotional posters, banners, social media graphics, sponsor appreciation posts, workshop advertisements, mentor and judge recruitment materials, certificates, event signage, mission brief designs, and participant resources.
 - I created promotional and recap videos, managed photography and videography content, edited highlight reels, and developed engaging social media campaigns before, during, and after the event to maximize student engagement and community outreach. I also built and maintained the WolfHacks website using Webflow and Canva, redesigning the site multiple times to improve user experience, accessibility, and branding consistency.
 - To streamline collaboration, I developed an organized Canva asset management system, created a comprehensive content calendar, task delegation documents, PR and outreach resources, visit scripts for school promotions, and onboarding materials for executive members.
- Additionally, I coordinated outreach to over 200+ students, mentors, judges, schools, clubs, universities, organizations, and industry professionals through email and social media, helping expand participation, recruit volunteers, secure mentors and judges, and increase event visibility.
- Contributed to the planning and execution of Steamworks 2024 by coordinating event activities, supporting participants, organizing logistics, and promoting creativity and student involvement through targeted outreach efforts.

- Led the arts and creative programming event at the 2024 Steamworks Hackathon hosted by Ching STAC. Oversaw event planning, coordinated artist collaboration spaces, and integrated STEAM elements to foster innovation at the intersection of technology and the arts.
- As a Research & Development Officer, I conducted research on emerging STEM trends, student interests, and best practices in event management to develop innovative programs and recommend improvements based on participant feedback and data analysis. Collaborated closely with executive committee members to identify growth opportunities, improve organizational processes, strengthen community partnerships, and enhance the overall impact and sustainability of club initiatives, while demonstrating strong leadership, project management, communication, teamwork, problem-solving, and organizational skills.

FIRST Robotics FRC Team 3650, Mechawolves - *Business Co-Lead & Lead Social Media Manager*

- 2023/24 Business Division Vice-Head
- Competition Scouting Lead
- Outreach & Website Manager
- FRC Team 3560 Lead Photographer
- Member of the Programming, Business & Mechanical Divisions

September 2022 - June 2026 | Chinguacousy Secondary School, 1370 Williams Pkwy E, Brampton ON

- As a dedicated member of FIRST Robotics Competition (FRC) Team 3650, Mechawolves, I contributed extensively across multiple divisions, combining leadership, technical expertise, and community engagement to support the team's success both on and off the competition field.
- Oversaw the team's branding, marketing, and digital presence. I managed and created content for the team's social media platforms, increasing engagement and promoting team achievements, outreach initiatives, sponsorships, and competition experiences. I collaborated with fellow business team members to develop promotional materials, maintain sponsor relationships, and strengthen the team's public image.
- Coordinated business operations, delegated tasks among team members, mentored newer students, and assisted in planning outreach events, fundraising initiatives, and sponsorship campaigns. I played a key role in ensuring the division operated efficiently while fostering collaboration and leadership among members.
- Organized and managed the collection and analysis of match data during competitions. I developed scouting strategies, coordinated scouting teams, and analyzed performance metrics to provide valuable insights that informed alliance selection and match strategy decisions, contributing to the team's competitive success.
- Coordinated community outreach initiatives and represented the team at STEM events, workshops, and demonstrations. I was responsible for maintaining and updating the team's website, ensuring accurate and engaging content for students, sponsors, and community members while enhancing the team's online presence.
- Documented competitions, outreach events, team meetings, and build season activities, producing high-quality visual content used across social media, promotional materials, sponsor presentations, and team archives.

Superposition Toronto - *Director of Communications & Social Media Coordinator*

June 2025 - May 2026 | Toronto ON

- Directed communications and social media strategy for Superposition Toronto, promoting initiatives aimed at increasing gender diversity and accessibility in technology and computer science. Managed and created engaging content across multiple social media platforms, including Instagram, LinkedIn, and other digital channels, to increase community engagement and event participation.
- Designed promotional graphics, announcements, and marketing materials to strengthen the organization's online presence and brand identity. Coordinated outreach campaigns to students, schools, sponsors, and community partners to expand awareness of Superposition Toronto programs and events.
- Collaborated with executive team members to plan, market, and execute workshops, networking events, and educational initiatives for students interested in STEM.
- Monitored social media analytics and engagement metrics to evaluate campaign performance and optimize communication strategies. Maintained consistent branding and messaging across all digital platforms while ensuring timely communication with participants, volunteers, and stakeholders.
- Supported the growth of Superposition Toronto's community by fostering meaningful engagement and promoting opportunities for students in technology and computer science.

Chinguacousy Student Activity Council - Videographer

June 2024 - June 2025 | Chinguacousy Secondary School, 1370 Williams Pkwy E, Brampton ON

- As a Videographer for the Chinguacousy Student Activity Council, I played a key role in organizing major student events, including Grade 9 Orientation and Semi-Formal, ensuring seamless execution and engagement. I created eye-catching promotional materials, including social media content, presentations, and flyers, which helped boost event awareness and attract around 400 attendees. Leading a media team, I captured high-quality event photography and videography for promotional and archival purposes. Additionally, I assisted in troubleshooting technical and logistical challenges to ensure smooth event operations.

Chinguacousy Gujarati Student Society - Marketing Director & Social Media Coordinator

June 2025 - June 2026 | Chinguacousy Secondary School, 1370 Williams Pkwy E, Brampton ON

- As Marketing Director & Lead Social Media Manager, I lead the organization's overall marketing strategy and oversee its digital presence across all social media platforms. I plan, design, and manage high-impact visual and written content, ensuring consistent branding and messaging across campaigns and initiatives. In this role, I analyze engagement metrics to optimize content performance, schedule and execute promotional campaigns, and adapt strategies based on audience insights. I also coordinate marketing efforts across teams, support event promotion, and guide content planning to drive increased visibility, sustained audience growth, and meaningful community engagement.

Chinguacousy Scholars - Executive Marketing Director

➤ Media Manager

September 2024 - June 2026 | Chinguacousy Secondary School, 1370 Williams Pkwy E, Brampton ON

- I lead the organization's overall marketing strategy and brand development, overseeing social media presence, promotional campaigns, and community outreach. I design and manage high-impact visual content, plan and execute marketing initiatives for events and programs, and ensure consistent messaging across all platforms. I also coordinate the marketing team through regular planning meetings, delegate tasks, and collaborate with executive members to align marketing goals with the organization's mission, driving engagement, visibility, and sustained growth within the school community.

Brampton Library - Program Assistant & Volunteer

February 2023 - December 2023 | Brampton, ON

- As a Volunteer at the Brampton Library, I led interactive educational programs for children aged 3–12, fostering a fun and engaging learning environment. I supervised and supported children in various activities, answering questions and encouraging participation. Additionally, I represented the library at fairs and community outreach events, promoting literacy, mathematics, and STEAM programs to the public. I also assisted with library operations, including shelving books and writing insightful book reviews to engage the community. Provided over 93 hours of service, fostering literacy, creativity, and engagement for young participants.

EDUCATION

McMaster University

September 2026 - Anticipated Graduation April 2030

- Program: *Computer Science 1 (Co-op)*
- Undergraduate Engineering Degree
 - *Honours Bachelor of Applied Science (B. A. Sc.) in Computer Science*
 - *Interdisciplinary Minor in Innovation*
 - *Minor in AI and Analytics in Business*

Chinguacousy Secondary School

September 2022 - June 2026

- *Ontario Secondary School Diploma*
- Graduated with *Honours & Excellence*
- Completed all components of the *SciTech (Science & Technology) North Regional Program*
- Over *500 Volunteer Hours* earned throughout high school

- *Overall GPA ~ 4.0 or 90%*
 - *Grade 9 Average: 90%*
 - *Grade 10 Average: 94%*
 - *Grade 11 Average: 88%*
 - *Grade 12 Average: 94%*
- Honour Roll & Character Awards
 - *SciTech Resilience Award*
 - *Ontario Scholar Award* (Average of 80% in any 6 Grade 12 Courses)
 - *Minister's Certificate of Recognition for Community Involvement*
 - **Gold Certificate** (over 200 community involvement hours)
 - *Certificate of Distinction in Grade 12 Math Courses* (Calculus & Vectors, Advanced Functions, & Mathematics of Data Management)
 - *Certificate of Distinction in Grade 12 Science Courses* (Chemistry & Physics)

Williams Parkway Senior Public School

September 2019 - June 2022

- *Graduated with Honours & Excellence*
 - *Grade 8 Average: 95%*
 - *Grade 7 Average: 90%*
 - *Grade 6 Average: 90%*
- Honour Roll & Character Awards
- Geography Subject Award

Hilldale Public School

September 2012 - June 2019

- French Subject Award
- Character Awards

AWARDS

- SciTech Resilience Award
- Ontario Scholar Award
- Gold Minister's Certificate of Recognition for Community Involvement
- Certificate of Distinction in Grade 12 Math Courses
- Certificate of Distinction in Grade 12 Science Courses
- Chinguacousy SciTech Activity Committee (STAC) Award of Achievement
- Chinguacousy Robotics, Mechawolves Team FRC 3560 Award of Achievement
- 1st Place in Steamworks Arts Event - November 2023
- Team Spirit Award with Chinguacousy Robotics FRC Team 3560 - March 2025
- Numerous Chapter Awards (2nd Best Chapter, 2nd Best Performing Chapter & Best Engagement Award) were won during CNLC 2026 with Brampton FBLC, JEC & TA
- 2nd Place in the Canadian Intermediate Math Contest (CIMC) - October 2023
- Grade 8 - 12 Honour Roll
- French Subject Award (June 2019)
- Geography Subject Award (June 2022)
- Numerous Character Awards recognizing skills such as Responsibility, Organization & Initiative

CERTIFICATIONS

- **WHMIS 2015 Certification** – Peel District School Board (September 2022 – Present)
- **Women in Cloud x AI Innovator Program**
 - *Microsoft UX Design Professional Certificate - Coursera (July 2026 - August 2026)*
 - *Fundamentals of UI/UX Design*

CODING/COMPUTER ENGINEERING PROJECTS

Programming Languages Knowledge & Fluency:

- | | | |
|---------------------------|---|--------------|
| • Python | • HTML & CSS (Basic Web Development) | • JavaScript |
| • C++ | • Node.js & React.js (Advanced Web Development) | • TypeScript |
| • Swift (iOS Development) | • Git & GitHub | |

Projects Built

- **Grade 12 Computer Engineering ISU: Smart Home Display**
 - Python, TypeScript, Node.js & React + Computer Hardware used to Build Model

Designed and engineered a smart home display system that integrates software, physical hardware, and third-party applications into a centralized home information and control platform. Developed a responsive front-end interface using React and TypeScript to display real-time data and provide intuitive user interaction, supported by a Node.js backend that manages system logic, API requests, and data flow between the interface, external applications, and hardware components. Integrated the system with various applications and services through APIs to aggregate and display relevant information in a unified dashboard. Utilized Python to communicate with hardware components and simulate smart home functionality, enabling features such as device status monitoring and basic control operations. Emphasized full-stack development, hardware-software integration, and real-world problem-solving.
- **Portfolio Website**
 - TypeScript, Node.js & React

Designed and developed a fully responsive personal portfolio website to showcase my technical projects, marketing experience, leadership roles, achievements, extracurricular involvement, and resume. Built a modern and intuitive interface using React and TypeScript, with a Node.js backend to support content management and site functionality. Implemented interactive project galleries, a contact form, dynamic content sections, and smooth animations to enhance user engagement and user experience. Focused on clean information architecture, accessibility, performance optimization, and responsive design to ensure seamless functionality across desktop and mobile devices. Integrated analytics and deployment tools to

monitor site performance and maintain reliability, while applying strong UI/UX and personal branding principles to effectively communicate my skills in software development, business, marketing, and leadership. The website serves as a centralized platform for networking, professional opportunities, and showcasing ongoing projects, accomplishments, and technical expertise.

- **Focus App**

- TypeScript, Node.js & React

Developed a productivity-focused mobile application inspired by popular focus and organization tools. Implemented features such as task organization, focus sessions, and a clean, distraction-minimizing interface. Built a responsive front end with React and TypeScript, supported by a Node.js backend.

- **Cosmic Translator: Grade 12 Computer Science Project**

- Python

Developed a Python-based translation program that converts user input into a custom “cosmic” language. Implemented string manipulation, functions, and conditional logic to process and transform text. Focused on user interaction, program accuracy, and clean, well-structured code.

- **Traffic Light Project: Grade 11 Computer Engineering Summative**

- Python Code + Computer Hardware used to Build Model

Built a working traffic light model using physical components and Python code. Programmed light sequences using control structures and timing logic, and connected software to hardware to simulate real-world traffic systems. Demonstrated problem-solving skills, basic electronics knowledge, and system testing.

- **Grade 11 Computer Science Summative: Coded Python Presentation**

- Python

Designed and coded an interactive presentation using Python to demonstrate programming concepts. Used functions, variables, and control structures to organize content and improve user interaction. Focused on clear logic, structured code, and effective presentation of information.

- **Emoji Animation (Web Development)**

- HTML, CSS & JavaScript

Developed an interactive emoji animation using core web technologies. Implemented smooth animations and transitions with CSS and added dynamic behaviour and user interaction through JavaScript. Focused on responsive design, performance, and clean, readable code to enhance user experience.

CLUBS & EXTRACURRICULARS

Executive Positions:

- BioEng4Youth - Outreach & Socials Team
- Youth Economy Lab (YEL) x Dubai Computer Science Society - Summer Cohort
- Loop UGC Summer Intern - Growth, Marketing & Outreach Team
- Superposition Toronto - Director of Communications & Social Media Coordinator
- Founder's Den 2026 - Vice Chairwoman of Operations
- Brampton FBLC, JEC & TA - Chief Director & Board of Administrators
- Brampton FBLC, JEC & TA - Deputy Director of Marketing (Dec. 2025 - Jan. 2026)
- Brampton FBLC, JEC & TA (Future Business Leaders of Canada) - Marketing Officer (Oct. - Dec 2025)
- Sci-Tech Activity Committee (STAC) - Marketing & Public Relations (PR) Director
- Sci-Tech Activity Committee (STAC) - Marketing & Public Relations (PR) Officer (Sept. - Dec. 2025)
- Sci-Tech Activity Committee (STAC) - Research & Development Officer (2024/25)
- Chinguacousy Student Activity Council (SAC) - Videographer (2024/25)
- Chinguacousy Robotics - Business Co-Lead & Head Social Media Manager

- Chinguacousy Robotics - Business Vice-Head & Scouting Lead (2023/24)
- Chinguacousy Gujarati Student Society (GSS) - Media Manager
- Chinguacousy Sending Sunshine - Advertising Manager
- Ching Creations - Website Builder (Art Club & Arts SHSM)
- Chinguacousy Scholars - Executive Marketing Director
- Chinguacousy Scholars - Media Manager (2024/25)
- Steamworks 2024 Arts Event Lead (Hackathon by Ching STAC)
- Zebra Robotics - Volunteer & Mentor (2023 - 2024)

General Member of:

- Chinguacousy Art Club
- Chinguacousy Computer Science Club (2023 - 2025)
- Chinguacousy Bollywood Theatre Dance Team (2023 - 2025)
- Chinguacousy Film & Photography Club (C.F.P.C) (2022 - 2025)
- Chinguacousy Math Club
- Chinguacousy WiStem Club
- Chinguacousy Wolfpack (School Ambassadors)
- Chinguacousy Yearbook Club
- Ching Navigators
- 1Up Chinguacousy Chapter
- Musical Theatre Production Crews - Publicity, Props & Photography (2022 - 2025)
- Hack-The-North Volunteer Team (2024)
- Ching Badminton Team - Junior Girls (2023/24)
- Chinguacousy Peer Leadership Team (2023/24)
- Garba Dance Team (2023/24)
- Brampton Library Volunteer (2023)

Participated in:

- CCC - Canadian Computing Contest (Junior Level - 2023 & 2024) + (Senior Level - 2025 & 2026)
- First Robotics Competitions {FRC} 2022 - 2026: Charged Up, Crescendo, Reefscape & Rebuilt
- Steamworks & Wolfhacks (Hackathons run by Chinguacousy's STAC) (2023 & 2024)
- Canadian Intermediate Math Contest (CIMC) (2022 & 2023) & Senior Math Contest (CSMC) (2024 & 2025)
- Gauss, Pascal, Cayley, Fermat & Euclid Mathematics Contests (2021 - 2026)
- Target Alpha Stock Pitch Competition (Magna Stock) - Nov 7th 2025
- Target Alpha Stock Trading Competition: January - March 2026
- Target Alpha Financial Planners Conference Participant - April 2026
- Junior Economic Club ECOFIN Competition - Dec. 13th 2025
- Canadian Youth Changemakers Summit - April 18th, 2026
- Canadian National Leadership Conference (CNLC 2026) - Business Plan
- DECA 2024/25 - Financial Literacy Project (PMFL)
- DECA 2025/26 - Integrated Marketing Campaign: Product (IMCP)
- Women in Cloud (WIC) x AI Innovators Program Participant
- Grow with Google Program Participant (Scholarship Awarded for Certification)
- Swift Coders Lab Program Participant
- AI Skills 4 Women Program Participant (Microsoft Certification)
- EMBER Summer Program (McMaster Engineering)
- Frosh Fest Tour McMaster Ambassador
- Take Your Kids To Work Day (Ingram Micro) - November 2022
- STEM Programs & Coding Courses (2014 - 2024)
